L. P. FLEISHMAN CHARGED WITH THEFT

On Complaint of Miss Avery He Is Arrested on a Warrant Accusing Him With Petty Larceny

L. P. Fleishman, the shoe man, was arrested by Constable Wilson last night and charged with petty larceny.

Before Judge Nash he entered a plea of not guilty, engaged James T. Boyd to defend him, and will appear for trial at 1 o'clock this afternoon. In the mean time he is out on \$50 cash bail.

Miss Kate Avery is the complaining witness.

The young lady has been the Reno manager for a trading stamp company with headquarters in Mr. Fleishman's store. Last week Miss Avery states she missed a number of articles, such as China bowls and cut glass dishes. She says she asked Mr. Fleishman about them and that he stated he had no idea of their whereabouts, intimating that perhaps they had been stolen.

Miss Avery, feeling that suspicion rested upon her, worried over the thefts and finally confided to Constable Wilson, telling him at the same time of her suspicions.

Mr. Wilson suggested a search warrant. District Attorney Craig furnished it.

Yesterday morning the constable visited the rooms of Mrs. Shirling and Miss Wheaton. A search of their apartments was not necessary. They turned over the missing articles to him and in doing so stated that they were given to them by Mr. Fleishman.

The women described how they had visited his store, admired the goods, and how Mr. Fleishman had given them the articles.

After the arrest was made last night the shoe man stated that a mistake had been made.

Some time ago Mr. Fleishman's wife fell and broke her arm. Since that time she has been in California receiving treatment.

It is said that during her absence Fleishman has been dissipating to a considerable extent, in fact his friends say he has been under the influence of liquor most of the time.

District Attorney Craig and Constable Wilson feel that the shoe man, to gratify the whim of his two women friends, gave away property in charge of Miss Avery and to cover up his act would cast a cloud upon her.

This, they feel, was cowardly, and deserving of the condemnation of all men.

For this reason they intend to prosecute the case to the fullest extent.

CATTLEMEN ARE FIGHTING BEEF TRUST

President of Association Issues a Statement Showing That an Illegal Combination Has Been Effected

EL PASO, March 29.—President Turney of the Interstate Cattle Growers' Association, made the following statement today:

"Ninety per cent of the cattle growers of this country believe in the existence of an illegal combination, having for its object the stifling of competition and the controlling of 98 per cent of the cattle shipped to the six great slaughtering markets, Chicago, Kansas City, St. Louis, Fort Worth, Omaha and Los Angeles, and will help all they can to break up the monster combine.

"They claim it can be done and the cattlemen will help."

The statement refers to a resolution that the Texas cattlemen will give evidence in the investigation of the so-called beef trust.

Safe Crackers Got Busy.

SONORA, March 29.—The safe in the office of Hale & Simons, the freighting firm, was blown open this morning and two pistols, a razor and \$100 in coin were secured.

GERMANY'S FRIENDLY FEELING FOR MOROCCO

BERLIN, March 29.—Regarding the debate on the Morocco question, Chancellor Von Buelow said that it is not an opportune time to discuss the question, but that over a year ago Emperor William assured the king that Spain and Germany had no selfish aims toward the territorial integrity or independence of Morocco.

The emperor's present visit had no aggressive purpose, but the large German economic interests in that country must and will be protected. Another speaker coupling the names of France and Great Britain, said that Germany was not accustomed to underestimate the opinion but German military power was equal to that of any enemy.

A prominent paper says that the emperor's visit to Morocco will show that Germany continues her relations with the sovereign of that country and will not give up such relation for France, which seeks a controlling interest.

HARBIN NEAR THE GOAL OF JAPANESE

Report Has It That Oyama and His Forces Hope to Enter City Early Next Month

ST. PETERSBURG, March 30.—There has been no fighting of any consequence lately.

Reconnaissance establish the fact that the Japanese are gathering a strong force twenty miles south of Sipinghai, evidently intending to attack the Russian position there.

The country is apparently clear of Japanese.

The latter are approaching Kirin, threatening the communication with Ussuri district.

The number of Chinese bandits is constantly growing. The Chinese continue to spread the report that Oyama has issued a proclamation that he will enter Harbin April 10th. This prediction, if actual, apparently is improbable of fulfillment.

Authorities continue to deny stoutly that Russia has made any proposals to Japan.

This may be literally true as Russia has only made negative conditions leaving intermediary to convey the conditions.

Diplomats at St. Petersburg are convinced that something is in progress. None will acknowledge that they are aware what is actually being done.

Novoe Vremya has for the first time admitted the possibility of peace negotiations. He said indemnity is out of the question, and that Japan has no right to expect same.

ST. PETERSBURG, March 30.—Governor Yalta, of Crimea, states officially that order is restored and will be maintained.

ST. PETERSBURG, March 30.—The distilling department of the Zhukoff oil work were completely destroyed by fire today. The loss is \$250,000. The fire is believed to have been incendiary.

WASHINGTON, D. C., March 29.—Neither Russia nor Japan have asked President Roosevelt to assist them in ending the war.

So far as the Washington government is aware, Emperor Nicholas has not weakened in his decision to prosecute the war to the bitter end.

ST. PETERSBURG, March 30.—The official news agency says:

"In spite of the general inclination to favor a conclusion of the war, Russia has not proposed any peace conditions nor prepared such."

JAPAN CO-OPERATING WITH UNITED STATES

WASHINGTON, March 29.—The genuine wish of this government for peace in the far east is not based on selfish motives.

American financiers are not over-loaded with bonds of either belligerent.

From the outset the president has been willing and anxious when both nations so express their desire, but no official here is ambitious to pose as mediator.

The feeling is strong that Japan and Russia should negotiate directly and avoid an international conference. Japan has been warned by a neutral power not to deal otherwise.

With the United States, Germany and Japan opposed to an international conference, the belief is strong that successful peace negotiations will date from the time St. Petersburg communicates direct with Tokio. Thus an international conference will be avoided, and the United States will be in better position to insist on the integrity and administrative entity of China.

GOVERNOR MENACED BY A CRAZY MAN

SACRAMENTO, March 29.—A lunatic was caught entering the governor's office this morning, and demanded an immediate audience.

Messenger Soares quieted the man, locked the inner doors and finally persuaded the man to leave, which he did, vowing he would see the attorney general.

He stated in a loud voice that two physicians, and not the attendants, had killed their patient, Louis, at the Napa state hospital recently.

He returned this afternoon and was locked up pending an examination for sanity.

He gave his name as Carl Schoterman, of San Francisco.

On His Way to Death.

A negro accused of murdering a United States marshal in Kentucky, and who was captured in San Francisco last week, passed through Reno yesterday morning in charge of three government officers. The negro was heavily manacled and closely guarded. He is being taken back for trial.

TO VOTE ON NEW SCHOOL BOND ISSUE

April 22nd is the date set for a special election which shall determine the matter of issuing bonds to the amount of \$20,000 for the purpose of building a new school house on the Western field lot.

SHORT LIFE FOR DERBY HELL HOLES

The honorable commissioner of the general land office at Washington forwarded instructions yesterday to the local land offices throughout the western states, relative to the business of selling alcoholic liquors on leased lands which have been segregated under the provisions of the reclamation act of June 17, 1902.

All persons who have heretofore entered or hereafter may enter any of these lands, are notified that if they lease them to any others who will sell said liquors, especially to any government employees, will subject their entries to cancellation.

Actions of injunction, ejectment or otherwise will be resorted to if necessary.

WATER FRANCHISE BEFORE CITY COUNCIL

The city fathers met in solemn convocation last night and digested several matters presented to them for their consideration and action.

Among them were several propositions which had previously been thrashed out to more or less extent.

One matter of general import and interest was a petition, presented by the Hunter Creek Water Company for a franchise, giving them the right to lay pipe and conduct the water from their reservoir three miles west of town to the city.

After due deliberation, on motion, the city attorney was instructed to draw up a resolution along the proper lines usual in cases of such a character.

It is to prescribe the methods of laying the pipes, restrictions, and such other elements as customary enter into such a document.

Another request to abolish the same was referred to the city attorney, and Mayor Pro Tem, Wilson, the mayor being absent from the meeting at this time.

FIGHTING A FIRE IN BOWELS OF NEW YORK

An Explosion in Gotham's Great Subway Starts a Blaze That Is Baffling the Efforts of the Department

NEW YORK, March 29.—An explosion followed by fire today, which occurred in the subway at Broadway and 167th street, was caused by a short circuit on the third rail and feed cable resulting from a collision of an empty train and flat car carrying Italian laborers.

No one was injured, but up to a late hour tonight the fire defied the efforts of the firemen.

The subway, at the point of the accident, is 125 feet below the surface.

Lumberman Suicides.

SANTA CRUZ, March 29.—Godfrey C. Nottley, a prominent lumberman of Sur district, Monterey county, committed suicide today by shooting himself.

Despondency over ill health was the cause.

Deceased was 35 years old and was a partner and general manager of the G. C. Nottley Company. He leaves a wife and son.

IMPELLED TO STEAL BY TROUBLED BRAIN

FRESNO, March 29.—Ed McKim, 19 years old, was arrested today for stealing a horse and buggy. The boy besought the officers to send him to the penitentiary quick.

He is an exceptional criminal inasmuch as he is of a gentle disposition, has no bad habits and comes from a highly respectable family.

Yet he is wanted in five different counties for nine different felonies. Forgery and grand larceny are the principal crimes.

He says he is impelled by an insane desire and wants to go to prison to check the tendency.

Funeral This Morning.

The funeral of the late T. Kane, who was killed by a train near Derby Monday, will be held from the parlors of Reinhard & Company this morning at 10 o'clock.

Father Horgan will conduct the services. Interment will be in the Catholic cemetery. Deceased was a native of Ireland and about 73 years of age.

HARRY BUTTS MUST ANSWER FOR CRIME

Harry Butts, who is confined in the county jail under the charge of assault with intent to kill, was in court yesterday.

The preliminary examination was set for Friday afternoon at 2 o'clock before Judge Nash.

Butts shot and wounded Joe Reynolds early Tuesday morning on Commercial Row.

It will probably be necessary to hold the examination in the room where the sick man lies, which plan has been decided upon.

Dr. Bergstein stated last night that it will be four or five days yet before he can determine whether the amputation of the wounded limb will be necessary.

Reynolds is in bad shape, but will probably survive the ordeal.

BICYCLE THIEVES AGAIN AT WORK

If there is a creature in the world that needs annihilation it is the bicycle thief.

There is scarcely a day in Reno that one or more bicycle thefts are not reported. The latest called to attention is the wheel belonging to Miss Gladys Bingham.

The little girl was in town last Saturday night and left her bicycle standing in front of the Journal office. When she was ready to start home the wheel was missing. The bicycle has not been seen since.

It has an "Admiral" name plate on the front bar, has yellow rims and new tires.

There is no doubt but that it was stolen, though if returned no questions will be asked.

On the other hand prosecution will follow in the event the wheel is found in the possession of the thief.

THE ELKS' HOME THREATENED BY FIRE

The Handsome Club House of the "Best People on Earth" Narrowly Escapes Complete Destruction

The Elk club building was discovered on fire at 9 o'clock last evening and but for the prompt work of the fire department the magnificent home would have been entirely destroyed.

The fire originated in the basement under the reading room.

The electric wires came in contact with a quantity of bunting and evergreens.

In about fifteen minutes after the flames burst forth, the fire was under control.

The loss is estimated at about \$1200, fully covered by insurance.

It was first seen by one of the attendants of the club who caught a glimpse of the bright light below through one of the windows; a moment later flames shot out through these windows, and it was thought for a while that the building was doomed.

Before the department arrived, some twenty members of the club and those in the vicinity hearing the cry, "The Elks' Home is on fire," secured as many buckets as possible and formed a bucket brigade extending from the ditch within thirty feet of the building to the nearest blaze.

They did valiant work.

Smoke completely penetrated the entire building, but no water was poured above the basement as the damage by fire was limited to a small sphere. Much damage was done by the smoke which for some moments was dense, preventing any one from entering the home.

The chemical checked the blaze until water through the steamer hose was turned on.

The attractive home of the Elks' is but a year old and cost \$30,000.

Its appointments are elegant and complete—one of the finest Elks' clubs in the west. It was a close call and created great excitement about town until it was seen that the building was saved.

New Town Springs Up.

MARYSVILLE, Cal., March 29.—A new unnamed town has sprung up in the dredge mining district near the Yuba river.

It is to be a model town. The Consolidated Goldfields Company is building the same, supplying a water system, lighting plant, cottages, shops and a hotel.

No saloon will be allowed in the new city. A schoolhouse is to be erected shortly.

THINK THEY HAVE CAPTURED COLLINS

BAKERSFIELD, March 29.—A man giving his name as Mike Kelley was arrested today on suspicion of being the murderer of the man who was found and bagged Monday.

Officials saw a resemblance between the suspect and Collins, who is wanted for a \$10,000 robbery at Point Richmond.

They immediately telegraphed north for photographs and other means of identification.

RAILROAD REBATE LEGISLATION

THE question of government control of corporations engaged in interstate commerce has reached a point where, in spite of the protestations of the railroad companies against federal interference in private business, a settlement cannot be much longer delayed.

Folled in his attempt to force some remedial legislation through the recent congress, President Roosevelt has called a special session for this fall, the purpose of which will be the enactment of some legislation which will prevent the present system of extortion imposed by the trusts and heavy shippers on the small dealers and the public by means of private car lines and rebates.

During the interim a special committee of the senate will meet and formulate a measure which it is hoped will be fair alike to the shipper and the railroads. The seat of the trouble has been positively located in the private car lines owned by the five big packing houses and which are described by Charles Edward Russell in Everybody's Magazine as the "yellow bandits of commerce." Until quite recently it was not generally known, or at least fully realized, what the inauguration of these refrigerator cars really meant to the producer and consumer. To the average citizen who noticed their number is signified nothing save the perfection of a system of distribution whereby the perishable products of the various sections could be quickly and safely transported to market. But a closer study of the question discloses the fact that they have been made the instrument for robbing both producer and consumer, the former by compelling him to sell his product at a ruinous figure to the trust and the latter by compelling him to pay for his necessities whatever price the trust may impose. By the absolute control of this vast amount of freight traffic and the power to deflect it to whatever railroad lines they choose the beef trust has terrorized the railroad companies into the most humiliating concessions. One exaction after another has been made by these commercial bandits until they have forced the railroads to pay them one cent for every mile they haul these cars, to collect whatever icing charges they may see fit to make and turn over the plunder to the combination. Not only this, but the railroad companies are not permitted to use any other cars save those of the trust without paying this tribute. By means of these exactions they have made themselves absolute masters of the food supply of the nation and may fix prices as they please without regard to supply and demand.

Forced by their masters the railroad companies are objecting to government interference, weakly claiming that it is a matter which the companies can settle among themselves by uniting against the common enemy, fixing schedules and providing against secret rebates and special privileges.

President Roosevelt fully alive to the situation, has determined that congress shall take some action and proposes to fix the responsibility either for failure or success upon the legislative branch of the government.

Senator Newlands is a member of the committee that will draw up a measure to present to the special session.

HOPEFUL SIGNS

TO those who read the signs of the times, the present intellectual stir in economic problems, the discussion of problems touching the acquisition and distribution of wealth through the operation of laws especially designed to foster a favored few as against the many, it would seem that a change is preparing through an enlightened public opinion.

We are wont to proudly declare ours to be the acme of wise and popular government where all men are equal before the law and are given an equal opportunity to work and acquire a competence. True this was the object of our forefathers who laid the foundation for our national existence and as far as human wisdom could provide, made this nation the asylum for the oppressed of all the world.

And it is not until we look around us and realize the phenomenal fortunes that have been builded within the short space of a few decades that we are forced to admit that something is wrong with a system under which one man can amass a fortune of a hundred million of dollars in the short space of ten or twenty years. It is beyond reason that such a sum can be honestly earned in a lifetime by honest means and it naturally follows that such a condition can only arise where one man or set of men are the recipients of favors not accorded the many.

There is no outcry against the millionaire as an individual, but there is a growing feeling that unless something is done to prevent the rapacity of encroachment on the rights of others incident to the combination of these immense holdings, the time will soon come when a few families will own or control the entire wealth of the country and establish a system of vassalage before which the powers of the feudal barons of the mediaeval period shrink into insignificance.

Whatever we may think of the personality of such writers as Thomas Lawson, Ida Tarbell, Ray Stannard

Baker, Charles Edward Russell and others who, through their contributions to the cheap magazines are now throwing a strong light into the secret methods of the trust system, there can be no question that the heaven is working which will sooner or later result in a solution of these problems by peaceful methods, and a return to the grand principle of "equal rights to all and special privileges to none."

COMMENT IS UNNECESSARY

THE following dispatch, under date of March 25th was sent out by the interior department to the heads of the various reclamation departments where government works are now being constructed:

"Registers and receivers of the United States land offices in Arizona, California, Colorado, Idaho, Kansas, Montana, Nebraska, New Mexico, North Dakota, Utah, Washington, and Wyoming have been instructed by the commissioner of the general land office to notify all persons who have heretofore entered or who may hereafter enter, any lands which have been segregated under the provisions of the reclamation act, that the leasing of such lands or portions thereof to other persons who have been or are conducting the business of selling alcoholic liquors on said lands, principally to employees engaged on government works, either by themselves or others, will be deemed sufficient cause for cancellation of the entries embracing lands so used or occupied.

The land officers are further directed to give the widest possible publicity to the fact that such use of any lands withdrawn under this act, whether such lands have been entered or are unentered, will be prevented by process of ejectment, by injunction or otherwise.

These instructions have been called forth by the deplorable conditions existing in Nevada, where the government works employs several thousand men. Homesteaders have leased portions of their lands to persons engaged in the liquor business and murder and robbery have been rampant in consequence."

MILWAUKEE'S FORMER MAYOR

He Locates in Reno and Will
Grow Up With the Booming
Sagebrush State

Peter J. Somers, twice mayor of the big city of Milwaukee and once congressman from one of the Milwaukee districts, is in Reno. His family consisting of wife and five children, are also here.

Already they have moved into their future home on Ralston street, have secured an option to purchase the property and from now on Nevada is to be their home.

Some time ago Mr. Somers became interested in the sagebrush state. He now owns mines in the Gold Crest district, Bullfrog and Goldfield.

With ample capital he has planned to operate these mines and Reno is to be his headquarters.

The climate of Nevada is one of the main things that has caused Mr. Somers to make Reno his home.

"In my opinion," said the gentlemen in an interview yesterday, "Nevada at the present time offers a better field for investment than any section in the world. With the opportunities here a man is foolish to allow his money to remain idle in the banks. Right here in Reno there is ample opportunity for men with capital. With choice building lots selling at \$400 and \$500 a man can invest with almost a certainty of reaping handsome returns."

"This is but one illustration, but it will not last long. Reno is destined to become a great city."

ATTORNEYS SPAR IN JUSTICE COURT

Justice of the Peace Nash had quite a busy day yesterday.

McMasters came before him, and was given twenty days in jail.

Thomas Sullivan and Alfred Miller, both up for being drunk, were given the six-hour "boater" privilege.

The case of P. Melch vs. F. Voglotti occupied the greater part of the afternoon.

This was a replevin case, involving two horses, two sets of harness and a buckboard, taken possession of because of the non-payment of a bill.

During the proceedings at different times those present were considerably entertained and amused by the play of caustic remarks exchanged between the opposing attorneys, Messrs. Jones and Cooke.

Taking exception to an expression of opinion one of the counsel, the contesting attorney, brought forth a smile from the listeners by exclaiming, "The counsel certainly is not the court and the jury too."

The further hearing of the arguments of the case was continued till this morning at 10 o'clock.

WILL REPEAT PERFORMANCE

"Bi-Bi" Will be Presented Again
at McKissick's Opera House
Saturday Afternoon

As a result of the performance given by the school children Tuesday evening two hundred dollars have been cleared.

This money will be divided between the athletic association and the south side organ fund.

The young people have been prevailed upon to repeat the performance next Saturday afternoon.

The profits of the the matinee to be given Saturday afternoon will go toward storm flags for the school buildings which, it is to be hoped, may fly every day, in storm or in sunshine, and not simply on Washington's birthday and gala occasions or to be half-masted when some one of the school brigade passes to the other shore.

"Our country, in rain or shine, our flag every day in the year. Let it fly till the blessed sunshine fades it and the Nevada winds tear it, and then let us buy another," said one teacher. "But let us have it above us to lift up our facts and let us have it every day."

The performance Saturday will begin at 2 o'clock. Adults, 25 cents; children, 15 cents.

Seats may be reserved at Rosenthal & Armanko's without extra charge.

HOLDING ON FOR A DOLLAR

Nevada-Goldfield Stock Goes Up
to Forty Cents and Is
Still Rising

A telegram was received yesterday from J. F. Parsons superintendent of the Nevada-Goldfield property saying that he is sending to Reno one thousand pounds of ore to be sampled.

Recent strikes in the property have sent the stock in this property up to 40 cents per share and Manager Parsons advises no sale of treasury stock at less than \$1 per share.

Mr. Parsons has been in the southern country for some time giving his personal attention to developing the property. Quite a number of Renolites are heavily interested in this company and the fact that the stock is becoming more valuable will be cheering news to them.

The pen of the Wildcat Mining Bunco Steerer is mightier than the sword of the ordinary highwayman, since it secures the purse of the public by creating gold where none exists, locating mines where they are not, and paying promissory dividends in deferred hope.

An Investment in the Legitimate Tonopah and Goldfield Mines

Has Founded Scores of Fortunes

But the Golden Key of Success in Mining is to Know
in What Mines to Invest, When to Buy, and
At What Moment to Sell

Ninety-Nine of every hundred investors in mining stocks buy on misinformation as to the merits of the mine in which they invest; and usually at flood tide of a rising market, just in time to take the stock of the Hundredth (the Insider) who is unloading to realize his profits.

If you are contemplating making an investment in Tonopah, Goldfield, Bullfrog, or Kawich mines, permit us to call your attention to the advantages of our

Investment Certificate

As an alternative to dealing directly in any of the hundreds of stocks—representing bonanzas, prospects and wildcats—of these new El Dorados.

Only the Inside Buyer has the information at the right moment to secure the most favorable investments and thereafter to keep in touch with mine and market changes. These *Investment Certificates* are designed to give outsiders the opportunities and security of insiders. They are safeguarded by the closest information obtainable concerning the condition and development of the mines and the fluctuations of the price of stocks. We make no guarantee other than that we are in a better position to know the facts concerning a stock than the outside public, and that we eliminate from your investment the danger of putting your money into a *Wildcat*. If a strike is made which is likely to lead to an advance in the stock of any mine, we try to know it before the public in order to take advantage of the rise in the stock. If developments in a mine are not promising we try to know it before the public so to dispose of our holdings before the market falls.

The Total Sum represented by the par value of these certificates we invest in such stocks as in our judgment will prove most profitable; buying at the most favorable time and selling the moment we believe a stock is over valued.

A Trial Balance of Investments is taken on the last day of each month by subtracting the par value of all outstanding certificates from the aggregate market value (determined by that day's closing quotations on the San Francisco stock boards) of the stocks and securities we hold plus uninvested cash. If that difference represents a profit, we deduct fifteen per centum as our commission, disbursing the balance as an immediate dividend to certificate holders. We receive no commissions otherwise.

We Guarantee nothing further than honest and faithful service in handling your money, and full and itemized information in our monthly reports concerning all transactions

These Certificates are sold at one hundred dollars each and are redeemable at the option of the holder according to the terms expressed in the certificate. Remit in multiples of one hundred dollars by New York draft, registered letter, Express or Post Office money order

INVESTMENT CERTIFICATE

Tonopah, Nevada, March 1, 1905

This is to Certify that The C. A. Norcross Company of Tonopah, Nevada, has received the sum of One Hundred Dollars in cash for investment of

Henry Hudson
of New York City

Said Trustee HEREBY AGREEING:

To invest said sum with that represented by all other outstanding certificates in such mining, industrial, or other stocks and securities as in its judgment will prove most profitable—accountable only for honest and faithful administration.

To mail on the first day of each month to the holder hereof an itemized statement of all transactions of the previous month.

Profit or loss to be computed in said statement by subtracting from the aggregate value of the stocks, securities and cash on hand at the close of business on the last preceding day the par value of all outstanding certificates; the difference to represent the gross profit or loss of the pool. If such difference represent a loss, then said trustee in no wise is to profit; but if said difference represent a gain, then said trustee, for its commission, to take fifteen per centum of such profit, dividing the remainder as an immediate dividend to certificate holders.

This Certificate, the month above written, to share only in the profit or loss according to the proportional part of the month in force.

The C. A. Norcross Company hereby agrees to redeem this certificate at the option of the holder on the first day of the succeeding month after presentation at its par value in Gold Coin plus any profit earned or less any loss sustained the month preceding.

SPARKS DEPARTMENT

CARSON PROUD OF IT'S VEGETATION

An Abundance of Trees is the Only Reason it Sets Forth for Retaining State Capitol.

Carson seems to be getting anxious over the question of moving the capitol from that town to Sparks.

In commenting on the article which appeared in the Journal a few days ago, the Carson Appeal says:

The threat to move the capitol has been made several times before in the history of the state but it has never amounted to more than a threat. Once the lawmakers came within one vote of moving it to Virginia City.

Imagine what the effect would have been had the one lacking vote been ready for delivery.

There has been strong talk, from the lips of Hon. Key Pittman, of packing it out to Tonopah. It might have been done had there not been a strong counter move to stake it down in Goldfield.

Major Patton, the realty man of Sparks, has fixed his eyes on the big building and wants it where it will appreciate the value of his realty holdings, and make a town lot boom.

This is simply a business proposition on the part of the gallant major and from a business standpoint, for the major, highly commendable.

When it comes, however, to the tax payers of Nevada going down into their pockets to liquidate the bill of nearly a million dollars to help Major Patton boom his town lots, it is quite a different matter.

They will not stand for it a minute.

When one compares Carson with Sparks in point of beauty as a city with Sparks, it will cause many a smile. It will require Sparks years to acquire the tree growth enjoyed by Carson.

At the same time if these threats to move the capitol to Sparks have the effect of waking up the people of Carson a little, they will do no harm.

With a little energy we might have had the asylum here and it would have done a good deal for this town. Our own representatives, however, voted against us and we were helpless.

Some of the heaviest taxpayers objected and the plum was lost. Let us assume that there will be a movement soon to carry out Patton's threat and in the meantime lets up and go to work and get a move on as if we really took stock in the idea that we were in immediate danger.

NEW MEMBERS ARE INITIATED

Odd Fellows Held High Jinks Last Night in Their Hall at the Railroad City.

The Sparks Lodge I. O. O. F. held special meeting last night for the purpose of administering the initiatory degree to four candidates. The four candidates who were joined to the brotherhood by the mystic three links of the order and given an insight into its mysteries were from Olinghouse.

There was a large crowd present, consisting of the local members of the order and several visitors from Reno and Wadsworth.

After the initiation ceremonies had been performed the members sat down to a sumptuous banquet which had been prepared for the occasion.

The Odd Fellows is one of the oldest organizations in Sparks. They have a large membership at present and applications for membership are received quite frequently.

The initiation and banquet took place in the hall belonging to the order.

Major Ingalls was among the visitors to Reno yesterday.

Mrs. Webster was in Reno yesterday visiting her friends.

J. E. Gilnebaugh made a business trip to Reno yesterday.

John Adair, a business man of Wadsworth, is spending a few days in Sparks.

C. D. Morrison, car inspector at Humboldt House, is visiting friends in Sparks.

Rev. Unsworth, rector of the Episcopal church, was a visitor from Reno yesterday.

E. Olinghouse, the mining man of Olinghouse Canyon, is visiting friends in Sparks.

Lightning Attractors.

The Nevada Transit Company is having lightning conductors put in at intervals of about half a mile along the line of the street railway.

During the hot summer months this locality is visited by severe thunder storms and the arrestors are being installed for the purpose of guarding against discharges of electricity.

Inspecting the Shops.

L. S. Pratt, master mechanic of the Sacramento shops, arrived in the railroad city yesterday.

Mr. Pratt will remain in Sparks a few days during which time he will make a thorough inspection of the Sparks machine shop. He will then return to Sacramento.

AN OLD NEVADAN DIES AT OAKLAND

Isaac L. Requa, one of Nevada's old time residents, is dead at his home in Oakland. He passed away Tuesday night.

His death did not come as a surprise, for it was known from the nature of his malady that while he might live for months he might succumb at almost any moment.

He had not been in good health for several years. After a sickness of several months he was injured in a runaway accident, which further undermined his naturally rugged constitution.

At the time of his death the aged capitalist was president of the Oakland Bank of Savings and was prominently identified with Oakland's commercial life. He owned a splendid home in Piedmont.

Mr. Requa for a number of years resided at Virginia City, where he was superintendent of a big mining company.

He was also one of the principal owners of the Eureka & Palisade railroad. Mr. Requa was over 80 years of age.

GOOD TIME CLUB WILL ENTERTAIN

Regular Weekly Social Will Be Given Next Saturday Night in Robison's Hall.

The regular weekly social of the Good Time Club will be given in Robison's hall next Saturday evening.

It will be the first dance given under the new management and those who have the dances in charge spare no effort to make them as successful as those which have been given in the past.

The gentlemen who now have the dances in charge, B. L. Pierce and H. E. Huston, are well known to the people of Sparks, having resided here since the town was young.

They will endeavor to give cordial treatment to all who attend and will bestow special favors on none.

The music will be furnished by Merrill's orchestra of ten pieces. This orchestra has furnished the music for the dances which have been given by the club in the past. It has been of a high class and was perfectly satisfactory to all who attended.

Prizes will be awarded during the evening to the three best waltz couples, as follows:

First prize, \$8 in cash; second prize, \$4 in cash; third prize, \$2 in cash.

The hall is being beautifully decorated and will be placed in the best possible condition.

All who attend may be assured of one of the most enjoyable times of the year.

A Social Dance.

The noted Good Time Social Club will give their regular Saturday night dance in Robison's hall next Saturday evening, April 1st. The music will be furnished by Merrill's orchestra of ten pieces.

The club is now under the management of B. L. Pierce and E. H. Huston. The floor will be placed in the best possible condition. The public is cordially invited to attend and satisfaction is guaranteed to all who attend. Admission will be 75 cents for gentlemen. Ladies will be admitted free.

Special Rates for Children.

In order that the children of Sparks may enjoy the privilege of seeing the play "Hi-By", given by the Reno school children, the Nevada Transit Company has kindly given half rates Saturday afternoon to the Sparks little folks.

The play was given Tuesday night and made a hit with all who attended. It will be repeated Saturday afternoon for the benefit of those who did not attend the first presentation.

Warehouse Nearing Completion.

The new warehouse which the Southern Pacific Company is having erected for the benefit of their employees is fast nearing completion and will soon be ready for use. It has been in the course of construction for several weeks. The work has been repeatedly delayed for some reason or another, but it is hoped to have the building finished soon.

Returned From Hospital.

W. C. Peterson, general foreman of the Sparks machine shops, has returned from the railroad hospital in San Francisco, where he has been for some time past.

While there he underwent an operation for appendicitis. He has entirely recovered from the effects of the operation and will resume his duties immediately.

"TOM TRACEY" ON HIS WAY TO THE ASYLUM

A man giving his name as J. D. Craig was arrested last night on a charge of insanity.

Officer Perry took the fellow into custody. He is either crazy or suffering from the effects of illness. He was taken to the county jail where he will be cared for until he is examined.

The man has been around town for several days. At first he claimed to be Tom Tracey, the prize fighter, but for the past two days has been around looking for his mother and then for his father. Yesterday, in his troubled mind, he made a trip to Tonopah and back in three hours.

Chief Leeper questioned the unfortunate fellow last night and is of the opinion that he is suffering from pneumonia which has affected his mind.

Funeral Tomorrow.

All that is mortal of the late Mrs. J. Wiley, who died Tuesday morning, will be consigned to their last resting place in the Catholic cemetery tomorrow morning at 9 o'clock. Services will be held from St. Mary's church. Father Horgan will officiate.

The Last Sad Rites.

LECTURE AT BAPTIST CHURCH TOMORROW

Tomorrow evening Rev. W. C. Driver will deliver the third lecture in the course on "The Seven Wonders of America." The lecture will take place at the Baptist church.

The lecture will be on "The Institutions, Influence and Destiny of America."

"Before the lecture Mr. George Green will render a cornet solo and Miss Georgia Logan will give one or more readings.

The entertainment will begin at 8 o'clock. Single admission, 25 cents.

To the Voters of the Third Ward.

Having served as councilman from the third ward for the past term at the personal request and solicitation of the voters thereof, and inasmuch as the new charter requires that nominations for councilman shall be made this year by petition, I shall place a petition at Rosenthal & Armanko's new agency where those who desire that I shall serve them for the ensuing term may sign it. If the voters of the third ward feel that I have satisfactorily performed the duties incumbent upon me as their representative and desire that I shall further serve them, they may sign the petition on or before March 31st, when the time for filing petitions expires. If again selected to serve you my action will be, as in the past, strictly impartial and non-partisan.

Respectfully yours,

AN INNING FOR
YOUNGSTERS

Charles Dreyer Consents to Al-
low His Musical Trio to
Take Part in Concert

Friday night the Reno Boys' Band
will make its first bow to the pub-
lic.

For months the youngsters, some
of them scarcely able to carry a horn,
have been under the instruction of
Professor Joseph J. Reid.

So satisfactory has been their pro-
gress that it has been decided to give
a concert. It will be at McKissick's
opera house tomorrow night. For
two weeks or more tickets have been
on sale and already a crowded house
is assured. Admission will be only
twenty-five cents.

The youngsters have certainly made
wonderful progress and those who at-
tend are assured a musical treat, con-
sidering the age of the little musi-
cians.

The program will also include a vo-
cal solo by Mrs. H. E. Franck, with
violin obligato, by Professor A. F.
Kroll, late of New York; Miss Ethel
Condon, accompanist; French harp
specialties by Mr. Louis Beaudrie,
who is an artist on his instrument;
and Mr. Frank Arthur, the popular
baritone, late of the Grand Theater,
will render new ballads.

Charles Dreyer, of the Oberon, has
very kindly consented to lend the aid
of his famous trio on this occasion.

"Ragtime" George Hayes, whose
name is familiar in musical circles
throughout America, as a pianist and
composer; "Steve" Douglas, as equal-
ly gifted on his violin, and Walter
Bailey, San Francisco's peerless bar-
itone, compose this trio.

Mr. Dreyer has spent considerable
time and money in his efforts to se-
cure the services of these gentlemen,
and the opportunity now presented to
the ladies of Reno to hear them should
not be passed by.

With the Congregationalists

The St. Margaret Society will hold
its regular meeting Friday afternoon
with Mrs. Parry, corner of Sierra and
Fourth streets.

The Ladies' Missionary Society
meets next Wednesday at 2 p. m.,
with Mrs. Cutting on Virginia street.

The St. Margaret Society is mak-
ing large preparations for the enter-
tainment and linen sale to be held
in Harmony hall Tuesday, April 11.
The society has been preparing for
several months for the affair and have
arranged an excellent program con-
sisting of music, drills by the young
people, etc.

The Ladies' Aid Society plan for a
New England dinner to be given on
Thursday, April 6th. Special Lenten
services will be held from Tuesday to
Friday, April 18 to 21.

Bargain in Oranges.

The J. R. Bradley Company has
another orange specialty. The firm
made a close buy on a large lot of
the finest oranges grown in Southern
California.

They are the best oranges ever sent
to Nevada and for tomorrow and Sat-
urday will be sold at the ridiculously
low price of \$1.25 per box.

It would be difficult to buy them
at twice this price even in the coun-
try where they are grown. This is
one of a number of specials for the
sale tomorrow and Saturday.

ARE FIGHTING
FOR MOLASSES

Juniors at University Dining Hall
Rebel Against Professor
Brown's Order

There's trouble on among the stu-
dents in the University of Nevada
dining room.

It is all caused by the fact that
Professor Brown issued an edict that
molasses, a student delicacy, would
not be allowed on the table during
certain days of the week.

With the exception of the juniors
the college boys obeyed this rule. The
upper classmen, however, felt that
their personal rights were being tam-
pered with and by the aid of hooks
placed beneath their table, managed
to evade the order until Monday. It
was then that their envious fellow-
students discovered the deception and
war was declared.

"Dad" Skinner gave the snap away
when he pulled his molasses can from
beneath the table Monday morning.

"That don't go," called out Chester
Hart of the Sophomores, as he caught
sight of the saccharine fluid vending
its way across a fat slice of Professor
Brown's dining hall bread.

"This is not molasses day and if
you don't put that stuff out on the
campus I'll report to Mrs. Tucker."

"I'll punch your block if you do,"
retorted Joe Scott, the junior yell
leader.

"And so will I," came back from a
dozen husky juniors.

Well, there has been merry war in
the dining hall since that time and
it all came to a head yesterday when
a half dozen or more juniors, all bear-
ing a healthy looking can of molasses
walked into the college hotel.

It was more than the members of
the other classes could bear.

John Case, editor of the Student
Record, and an exiled member of the
junior class, led the attack.

For the next three minutes molasses
was everywhere in evidence. Even the
fair co-ed waitresses were not immune
and when Professor Brown finally ap-
peared on the scene it is safe to say
that the seventy or more students
were metaphorically swimming in mol-
lasses.

In the melee Case escaped with one
can of the stuff.

Professor Brown, of course, is much
wrought up over the affair, but states
that his order to abolish molasses on
the dining table will be enforced even
if harsh measures are necessary.

"Molasses," said Mr. Brown, in
speaking to a group of students, "is
injurious to digestion and health. I
have your destiny in my hands, your
health depends upon my wisdom in
prescribing a diet for you. Occasion-
ally syrup, molasses or honey, taken
in moderate doses, results in good, but
seven days a week and three times
a day is too much and I will enforce
the rule that it shall be placed on the
tables not more than three times each
week."

The juniors say no to this and more
interesting scrimmages are looked
for.

ENTERTAINED BY
MANZANITA CO-EDS

The senior girls of the university,
residing at Manzanita hall, gave a
Lenten luncheon to the Lincoln hall
seniors and a few invited guests last
night.

The luncheon was served in the
domestic science room in Stewart hall
and came as a pleasant surprise to
the senior boys and was enjoyed very
much by them.

The manner in which the luncheon
was gotten up and served reflects
great credit upon the fair co-eds and
Miss Bardenwerper, who has charge
of the department of domestic science
at the university.

The following students were present
at the luncheon:

Misses Elizabeth Cooke, Ollie Wise,
Mary Bacon, Lucy Brannin, Stella
Mayberry, Ada Morse, Isabelle Miller,
Hannah Christensen and Ethel Ba-
con, and Messrs. Claude Smith, Abe
Steckle, Will Pearson and Louis Spell-
ler.
